| OOPS   | PHP        | Team collaboration |
| JavaFX | SQL        | Multitasking       |
| DSA    | ASP.NET    | Self-Discipline    |
| Scrum  | Oracle     | Git/Git Hub        |

## Highlights Of Qualification

- Demonstrated expertise in OOP concepts, providing a solid foundation for software development.
- Proficient in database management, ensuring efficient data handling and storage in various applications.
- Proficient in fundamental data structures (binary trees, stacks, queues, linked lists, Hash table, Graphs) and experienced in various sorting and insertion algorithms, demonstrating a solid understanding of core concepts in data structures and algorithms.
- Experienced in Agile methodologies, particularly Scrum, facilitating efficient project management and collaboration within cross-functional teams.

## Currently – Student

George Brown College (GBC) - Casa Loma Campus  
Advanced Diploma in Computer Programming and Analysis  
Duration - 3 Years

September 2022 - Present

## Achievement Done At GBC

- Developed a flight booking system using C# for efficient management of bookings, showcasing practical application of programming skills.
- Designed and implemented a payroll management application with a user-friendly GUI using Java, highlighting practical experience in creating interactive software.
- Developed a Booking Management and Project Collaborator System with an excellent GUI using ASP.NET.
- Created multiple small games using Java, demonstrating creativity and problem-solving skills in software development.
- Achieved placement on the Dean's Honors List for two consecutive terms, reflecting strong academic performance and dedication to excellence.
- Collaborated in IEEE competitions, showcasing teamwork, communication, and problem-solving and ranked 14 in Canada. Contributed to interdisciplinary teams, integrating diverse perspectives for innovative project solutions.

---

Education

Higher secondary school, Engineering stream (June 2020 - March 2021)  
J.L high school, Ahmedabad

Certification

TOPS Technologies Training Certificate in Software Engineer (2022)

---

Work Experience

- George Brown College (College, Toronto, ON)

Designation: Tutoring

January 2024- Present

  - Helped my peers or juniors if they have any doubts in any of the subjects.
  - Assisted them to download the IDE or Fulfill any other system requirements.
  - Helped students to make their base strong and direct them in the right and professional way.
  - Guided Students in any personal projects they are working on apart from our course’s subjects.
  - Used lectures, discussions, or supervised role-playing methods to present subject matter to students under direction and guidance of teachers.
  - Helped students master assignment’s concepts and reinforced learning concepts presented by teachers.
- Nandos Peri-Peri (Restaurant, Toronto)

Designation: Front Of the House/ Prep

November 2022- Present

  - Collaborated with team to deliver timely service of items.
  - Managed multiple tasks simultaneously in a fast-paced environment, including taking orders, delivering food and beverages, and processing payments efficiently.
  - Worked as part of a cohesive team, supporting colleagues during peak hours, and contributing to a positive work environment.
  - Greeted and talked pleasantly with customers to promote a positive image for business.
  - Worked with managers to report and resolve customer issues or concerns.
  - Received positive feedback from customers for providing attentive service and creating a welcoming atmosphere.
